

I am writing to respectfully urge you to reject the NAB's petition 04-160. I am an XM Satellite Radio subscriber, and have grown to rely on the traffic reports they provide in a short period of time. They have the ability to be much more thorough with their reports than local stations and have made my commute much more tolerable. The attempt to shut down this type of programming reeks of powerful lobbyists in support of behemoths like Clear Channel. Please don't hurt the consumer to appease them.
